Obituary v

Constituent material properties and clast-size distribution of volcanic breccia
A. Saotome, R. Yoshinaka, M. Osada and H. Sugiyama 1

A geomechanical survey of some different facies in relation to stability at a mine in the Eastern Transvaal Coalfield, South Africa
F.G. Bell and C.A. Jermy 19

Large-scale mass wasting in ancient volcanic materials
V. Moon and C.J. Simpson 41

Landslide risk assessment and management: an overview
F.C. Dai, C.F. Lee and Y.Y. Ngai 65

Key Issues in Waste Isolation Research
E. Alonso and A. Gens

Editorial 89

Backanalysis of thermohydraulic bentonite properties from laboratory tests
X. Pintado, A. Ledesma and A. Lloret 91

Experimental investigations and modelling of shearing of calcite healed discontinuities of granodiorite under typical stresses
M. Boulon, G. Armand, N. Hoteit and P. Divoux 117

Temperature effects on the volume change behaviour of Boom clay
N. Sultan, P. Delage and Y.J. Cui 135

Suctions, stresses and strengths in unsaturated sand–bentonite
G.X. Tang, J. Graham, J. Blatz, M. Gray and R.K.N.D. Rajapakse 147

Influence of pressurized water influx on the hygro-thermal behaviour of an engineered clay barrier in a waste emplacement borehole
A.P.S. Selvadurai 157

Thermo-hydro-mechanical coupling in clay barriers
F. Collin, X.L. Li, J.P. Radu and R. Charlier 179

Reactive plasticity for clays: application to a natural analog of long-term geomechanical effects of nuclear waste disposal
T. Hueckel and R. Pellegrini 195

Contribution of the bounding surface plasticity to the simulation of gallery excavation in plastic clays
J.-D. Barnichon 217

A model for the volume change behavior of heavily compacted swelling clays
Y.J. Cui, M. Yahia-Aissa and P. Delage 233

Soil heterogeneity and preferential paths for gas migration
C.H. Delahaye and E.E. Alonso 251

A capillarity-advective model for gas break-through in clays
J. Graham, K.G. Halayko, H. Hume, T. Kirkham, M. Gray and D. Oscarson 273
Gas generation and migration in Boom Clay, a potential host rock formation for nuclear waste storage
L. Ortiz, G. Volckaert and D. Mallants 287
Factors controlling rock–clay buffer interaction in a radioactive waste repository
A. Gens, L.N. Guimaraes, A. Garcia-Molina and E.E. Alonso 297
The second phase of ATLAS: the continuation of a running THM test in the HADES underground research facility at Mol
D. De Bruyn and S. Labat 309
Geoenvironmental protocol for site and waste characterization of former manufactured gas plants: worldwide remediation challenge in semi-volatile organic wastes
A.W. Hatheway 317

Research Papers
A toppled structure with sliding in the Siwalik Hills, midwestern Nepal
N.K. Tamrakar, S. Yokota and O. Osaka 339
Landslide hazards and mitigation measures at Gangtok, Sikkim Himalaya
R. Bhasin, E. Grimstad, J.O. Larsen, A.K. Dhawan, R. Singh, S.K. Verma and K. Venkatachalam 351
Numerical modeling of the transient hydrogeological response produced by tunnel construction in fractured bedrocks
J. Molinero, J. Samper and R. Juanes 369
